PDF partial image scaling test

This test combines something that test_vectorpdf (reading a partial page) was doing with something that test_isue_266 (scale so large that it has to be scaled back down) was doing, using the vectorpdf extension ("-e vectorpdf").

Basic image:

	Header 2	Header 3	Header 4
	column 2	column 3	column 4
	Cells may span columns.		
	Cells may span rows.	• Table cells • contain • body elements.	

Scaled up a bit:

	Header 2	Header 3	Header 4
	column 2	column 3	column 4
	Cells may span columns.		
	Cells may span rows.	• Table cells • contain • body elements.	

Scaled up a lot:

	Header 2	Header 3	Header 4
	column 2	column 3	column 4
	Cells may span columns.		
	Cells may span rows.	• Table cells	
		• contain	
		• body elements.
